What is the Greece Education Foundation?

Formed in June 2000, GEF is a non-profit organization that awards grant funding to Greece schools and teachers to enhance educational programs. The Foundation has awarded more than \$700,000 in grants over the last 20 years. Grant funds have been used to purchase everything from books to technology and paid for enrichment opportunities and field trips.

The Greece Education Foundation operates separately from the Greece Central School District. GEF acts through the management and direction of a Board of Directors selected from the community. This board is separate and distinct from the school board.
